STOCK: **15.000 - 750cc.bottles**
ALCOHOL: **13.90 %**
TOTAL ACIDITY: **.60g/100ml**
PH: **3.72**

TASTING NOTES:

Yellow greenish color and slight aroma of roses, it is distinguished by shades of citric fruits such as grapefruit and white fruits: small peach, apple, melon and pineapple. Its deal level of acidity allows that the aromas should be heightened highlighting is natural freshness and long duration in mouth.

To consume preferably with temperature between 12°C – 14°C.
